

Build Your Company's Center of Excellence

Pragmatic Works' Enterprise Training Suite will help your team develop SQL Server and Microsoft Business Intelligence skills needed to take your organization to the next level.

Our Enterprise Training is developed and taught by real world consultants and Microsoft MVPs with extensive experience with the ever changing Microsoft Data Platform technologies. The partnership with Pragmatic Works creates a customizable learning environment for every company.

Benefits include:

- **Scalable:** Packages to accommodate a single student or an enterprise
- **Flexible:** Multiple training delivery formats to meet the needs of your business
- **Accessible:** On-Demand Training optimized for mobile so employees can learn at their own pace and across all devices
- **Ease of Administration:** Administrators can easily manage training credits and report on consumption
- **Expert-Led Training:** Our staff of Microsoft MVPs, authors, PASS presenters bring their wealth of experience to you!

With three tier levels available, you can custom build your organization's training experience:

Features	Tier 1	Tier 2	Tier 3
Access to our library of archived training content	✓	✓	✓
Credits for popular live virtual training classes	✓	✓	✓
Credits for 1:1 virtual mentoring with one of our senior consultants to apply training principles to your world	-	✓	✓
Credits for attendance to any of our live off-site boot camps	-	✓	✓
On-site training with our senior trainers at your location	-	-	✓
Options to build custom training content specific to your environment and systems	-	-	✓
Azure Virtual Machines so you don't have to configure your own training workstations	-	-	✓

"We have a real partnership with Pragmatic Works. We have access to their top performers who are always available to brainstorm ideas for improving our training program."
