

# Pragmatic Works + Microsoft: Empowering Education with Data, Automation & AI

Helping K-12 and Higher Education modernize with Microsoft Cloud, Power Platform, and AI

## Why Pragmatic Works?

**Trusted Microsoft Partner**  
serving 97% of Fortune 100  
and 55+ countries

**Mission:** Make complex  
Microsoft technology simple  
and impactful

**Proven EDU Experience:**  
Empower educators,  
students, and administrators  
with data-driven tools

## How We Help EDU

### Student Success & Equity

Build dashboards in Power BI to track attendance, outcomes, and interventions

### Modern Apps for Schools

Use Power Apps to replace paper forms (enrollment, facilities requests, financial aid workflows)

### Smarter Education Services

Automate approvals and case management with Power Automate

### AI Agents for Students & Citizens

Build Copilot Studio agents for 24/7 help desks, admissions, HR, and citizen services

### Data at Scale

Modernize with Azure and Microsoft Fabric to unify data across schools and agencies

## Technologies We Cover

### Power BI

Analytics & reporting for real-time insights

### Power Apps

Low-code apps for enrollment, HR, and facilities

### Power Automate

Automating approvals, workflows & processes

### Copilot Studio

24/7 student, parent, staff and citizen support

### Azure

Cloud infrastructure, security, and scalability

### Microsoft Fabric

Data unification and advanced analytics

### Dynamics 365

CRM & case management for education

### Power Pages

Secure portals for student, parent, and citizen self-service

## Engagement Options

### Hackathons

Train your team while building live prototypes

### Virtual Mentoring

On-demand experts to unblock your staff (skip endless searches)

### Training

Customized classes on the complete Microsoft stack

### Fractional Experts

Part-time support to reduce backlog and accelerate adoption

### Consulting Projects

Full end-to-end project to take something from idea to production

## Why Partner With Us

- ✓ **Tailored EDU Solutions:** From classroom analytics to statewide reporting
- ✓ **Hands-On Learning:** Educators and staff learn while building real solutions
- ✓ **Flexible Engagements:** From 30-minute unblock sessions to ongoing retainers
- ✓ **Adoption at Scale:** Hundreds of expert-led Microsoft “In a Day” classes
